

Canada Lodge

— AND LAKE —

"I recently had my wedding at Canada Lodge & Lake and I couldn't recommend them more. The staff were outstanding on the day but also the months leading up they couldn't do enough for you. If I could do my day again I'd still have this venue.

Accommodation was exceptional. My guests raved about the food, even the breakfast the day after was amazing. Honestly I couldn't fault a thing."

The Lodge

Nestled in the Welsh countryside, our grand oak-framed function hall features high ceilings, rustic charm, and stunning views across our lake, fountains, and surrounding woodlands. When booking a wedding at Canada Lodge, you are guaranteed exclusive use of one or both of the floors of the main lodge.

For weddings of 50+, we are pleased to offer use of the entire venue, giving you and your guests plenty of space to spread out and celebrate throughout the night. The two floors provide a seamless flow to the running of the day, with licensed civil ceremonies and the drinks reception taking place in our Oak room upstairs followed by the wedding breakfast downstairs in our Lakeside room. This space is complete with floor to ceilings windows, glass chandeliers, and access to our patio with a retractable roof. As the evening continues, your guests will make their way back upstairs to the Oak room where the dance party will begin. You also have the option to add on the services of our in-house DJ to ensure an excellent party once the sun goes down.

We'd love to show you around.

I Do

We are happy to allow wedding ceremonies of all sorts—civil marriages or partnerships, blessings, tea ceremonies, or any other intimate celebration. Start your day with this timeless ritual, knowing that we have taken care of all of the logistics for you. Our team is here to ensure that buttonholes are in place, bridesmaids know when exactly to walk down the aisle, and that your train is fluffed perfectly before making your grand entrance.

"Our wedding day went off without a hitch. It was so beautiful from start to finish and the entire planning process was made easy by the team at Canada Lodge. We had the best day, and staying the night before was the cherry on top. Sitting on the porch watching the fish jump in the lake was magical, even with the rain the view was hauntingly beautiful. Thank you so much for the best day!" Georgi + Leisha

Rhodri's By The Lake

Rhodri's by the Lake is ideal for more intimate celebrations. This venue is a smaller space full of rustic charm and comes complete with a cosy log burner, its own bar, and a private terrace offering breathtaking views over the lake. If you like the idea of all of the classic wedding elements, but only want your nearest and dearest by your side, this could be the perfect spot for you.

Dance The Night Away

No wedding is complete without a little dancing! With an amply sized dance floor and an in-house DJ, we can guarantee a memorable party. If a band is more your style, we can offer our recommendations or you may choose your own. As the sun sets, the view over the lake becomes more and more romantic, and guests have the option to keep the party going inside the main lodge, or to step outside onto our lit patio for a breath of fresh air. As a standard, weddings conclude at midnight, but you do have the option to extend the bar until 1am, if you would like.

Accommodation

Canada Lodge & Lake offers a range of onsite accommodation, including our Executive Suites, Guest Cabins, Subterranean Apartments, and Nova Scotia apartment. The added convenience of allowing guests and couples to stay overnight makes the flow of the day relaxed and that much more enjoyable. For weddings, we can accommodate 32 guests split across 12 rooms (including the happy couple).

On the wedding night, couples will stay in one of our spacious Executive Suites. We also offer the opportunity for either a bride or groom to stay onsite the night prior, meaning that you can get ready on site and avoid any stress. We will deliver breakfast to you the morning of your wedding as well, so that is one less thing to think about as you are getting hair and makeup done.

Our three Guest Cabins can each comfortably sleep four and feature wooden terraces overlooking the lake. Full of rustic charm but complete with modern finishes, your guests will be able to treat your wedding day like a mini-holiday.

We also have a row of seven Subterranean Apartments that are built into the hill lakeside. These rooms each sleep two guests and feature lovely private glass balconies. We also have one room that comes equipped with a hot tub that can be allocated to one lucky couple.

Come stay with us!
